The Junior League of Anniston-Calhoun Inducts 2017-2018 New Member Class

[Anniston, Alabama --- The Junior League of Anniston-Calhoun (JLAC), a non-profit organization committed to developing the potential of women is pleased to announce the induction of nine new members to its organization. The official induction ceremony took place on Tuesday, January 9th, 2018 at the League's monthly general membership meeting. The inductees will officially begin their League year in June 2018.

The new inductees include Natasha Hammock, Adrienne Chandler, Tabitha Guyton, Lauren Ledbetter, Kasey Scott, Brittany Birchfield, Rita Anderson, Michelle Bain, and Amanda Faye Currie who served as the 2017-2018 New Member Class President.

As part of their provisional year, the 2017-2018 New Member class was responsible for organizing an event that promoted the League's commitment to empowering the women of the Anniston-Calhoun community. Given the League's recent partnership with Anniston High School to create the Girls Graduate Mentoring Program, the New Member class decided that they would host a personal development workshop for more than 75 Junior and Senior girls at the school. The workshop was entitled, "An ABC Journey to your Best Self". Students attended three mini-workshops that educated them on professional attire, how to develop a solid résumé, and on techniques on how to cultivate their confidence. Jaclyn Willis, the New Member Chairwoman for the League, says, "This year's New Member class are an excellent group of ladies that were focused and dedicated to provide an amazing workshop that helped these girls work toward being their best self." These new members will join the 52 active Junior League of Anniston-Calhoun members as the Girls Graduate Mentoring Program welcomes their first group of mentees later this spring. Current Junior League of Anniston-Calhoun President, Amanda Martin, says, "I am so honored to welcome our newest Active Members! The 2017-2018 New Member class have truly shown the mission of our League through the planning and execution of their New Member project. They are going to be vital members of our organization as they already are to our community."
